

How can good practices be upscaled or replicated?

Use (and adapt to) to different platforms as long as you can support in a quality manner (in person, print, social media, video, etc)

Une pratique de communication autour d'un intérêt commun sur le long terme.

Keep on with the dialogue. Search again and again. Dialogue in any form can be replicated.

Is upscaling a necessity? It can sometimes be counterproductive...

It is not always helpful to upscale projects.

Evaluations help upscaling, as they show what works and what doesn't work.

Butterflies, India is an excellent example for sustainability and upscaling. By now replicated in 8 countries of South Asia and Africa

Document learning and invite partners to learn from your practice.
